CAREER OBJECTIVE: Web Applications Developer and Designer

WORK EXPERIENCE

09/12 – 12/12 Mobile App Developer Intern

Dominion Enterprises, Norfolk, VA

Created a Mobile App for Android and iOS using Appcelerator Titanium Studio. The goal of the app was be able to bring up the Property Value of a house or apartment that you are standing next to, while filtering out property, based on your mobile device's compass, is not in the direction you are facing. This app also features a way to manually search addresses, in the event that the device's Location Services are not available for any reason.

Summer 2008 Customer Assistance / Backup cashier

Target, Virginia Beach, VA

Walked through store offering assistance to customers, restocked return items, and straightened shelves. Served as cashier during busy times, especially electronics section.

Spring season 2006 Games Area

Merchandise Department, Busch Gardens, Williamsburg, VA

Made change, operated games

Fall season 2004 & 2005 Howl-O-Scream Entertainer

Entertainment Department, Busch Gardens, Williamsburg, VA

Performed in various shows to entertain guest

RELATED WORK EXPERIENCE

09/13 – 12/13 Student Project

Astronomy 1 Student Project: Moon Observation Chart

Using the latest HTML5 Responsive design, created an observation chart of the Moon for a grade for my Astronomy 1 as well as my Client Side Scripting courses at Tidewater Community College.

<http://portfolio.raggiesoft.com/go/moon/>

06/13 – 07/13 Student Project

Williamsburg Area Transit Authority

Completely rebuilt website to HTML5 standards with a Responsive Layout.

<http://portfolio.raggiesoft.com/go/wata/>

05/12 – 07/12 Student Project

Enhanced "Guess The Phrase" Java final exam using techniques learned in Advanced Java Programming course. Source code is available at <http://portfolio.raggiesoft.com/go/gtp/>

04/12 – Present Portfolio Project

Website Portfolio

Created a website which centrally houses the major projects I completed, both for class, as well as self-taught. This portfolio can be viewed at <http://portfolio.raggiesoft.com/> and uses CSS and PHP to demonstrate knowledge of the languages.

01/11 – 03/11 Student Project

Cordova County Department of Transportation

Website for fictional agency to demonstrate website knowledge. Site uses PHP, CSS3, JavaScript, jQuery, and jQuery Mobile and adapts to desktop, mobile device, and printer automatically. <http://portfolio.raggiesoft.com/go/ccdt/>

10/10 – 12/10 Student Project
Talking Books Center, Staunton, VA
Worked on web site upgrade. Site available at www.talkingbookcenter.org

09/10 – 10/10 Student Project
Shenandoah Valley Disability Employment Awareness Committee
Updated website, developed more user friendly mode
Committee has disbanded, but website can be viewed at
<http://portfolio.raggiesoft.com/go/svdeac/>
